Interior designer Amy Rappaport with Designer Rugs and Culinary Kitchen and Home led the creation of this gorgeous home, working closely with the Malherbes from the ground up. Rappaport’s designs include thoughtful spaces for cooking, gathering and entertaining, including a full-sized bar with inviting barstools. Note the custom bar runner – hand knotted in Nepal – which provides a perfect complement to the art that is featured in the dining area.

Owners: Jason and Lyndi Nowell

Architect Bryan Durbin and builder Ashton Gray synced up with Sage Hill Interiors to fashion this modern home, punctuated by clean lines and dramatic ceilings. (Check out the octagon-patterned ceiling in the main living area.) The open-concept design provides pool views, while large windows and doors allow cheerful sunlight into the kitchen, dining room and living room. The kitchen blends wood, ceramic, granite and marble in beautiful ways, and the walk-in butler's pantry makes the area extra functional. Don't miss golden details like the intricate tilework in the pantry and the fine mesh doors on the wet bar cabinetry.

Resources: Indoor wall and white cabinet paint is Snowbound Sherwin Williams; island countertop is Metroquartz Unique Calacatta Gold; wet bar countertop is soapstone; cabinets by Tillsen Cabinet Co.; butler pantry countertop is Metroquartz Bianco Aspen. Owners: Kristian and Debra Kos

Though the Kos family has lived in this home since 2013, a kitchen flood prompted a complete remodel in 2019. With this unexpected opportunity, they hired Eric Carlson with European Dekor, Design and Build to alter the floor plan, removing walls around the kitchen to create a more open space to the dining and living areas. They also added a wet bar and full-sized wine fridge, perfect for entertaining. The Bamibia White marble from Namibia on the dual islands and countertops reminds Debra Kos of home. (She is from South Africa; Kristian is from Ireland.) The home features an international art collection, including an authentic African totem pole that once belonged to actor Anthony Quinn.

Resources: Expressions Home Gallery sinks and faucets; Wilshire Cabinet + Co. cabinets by designer Robin Givens; Bamibia White marble procured by TNL Custom Tile and Marble. Floral arrangement provided by New Leaf Florist.

1508 Glenbrook Terrace

Owners: Stephen and Kiley Gauthier

Stephen and Kiley Gauthier called on Beth Jansen, Don Hildebrandt and Jim Case to help them build and design their ideal family home. They completed the project in 2021. Hardwood floors beautifully offset an ample Calcutta quartz island, while the Cle' Brand Zellige tiles bring an element of coolness to the kitchen. Speaking of cool, check out the kegerator in the full butler's pantry, which also conveniently stores the icemaker and other small appliances. Filled with cozy nooks, this home was designed to provide casual indoor and outdoor living. The Gauthiers especially love their sunny banquette, just off the kitchen, and covered patio. Don't miss the garden and greenhouse in the back-yard, primed and beautifully planted to celebrate the fall season.

Resources: GE Cafe appliances throughout; Coco Magnolia pendants over island; large Tilda Chandelier by Arteriors in living room. Floral arrangement provided by Blueberry Hill Flower Co.

Built in 2001, this home was remodeled in 2021 with contractor and builder Tom Krone and decorator Bebe MacKellar with Fanny Bolen Interiors. The Harveys totally redesigned the kitchen, wet bar and pantry areas. The island was expanded, and new pendant lighting was added. Cabinets were refashioned to improve flow and functionality in the kitchen and wet bar, with beautiful glass-front cabinets incorporated for both storage and display. Note how the backsplash carries over the doorway to connect the kitchen area with the wet bar – a beautiful detail.

Resources: Thermador professional-grade appliances; wet bar includes True appliances, two refrigerator drawers, dual-zone wine cabinet and ice machine; island and wet bar countertops are Blue quartzite; kitchen perimeter and pantry countertops are London Grey quartz; backsplash throughout kitchen and wet bar is Walker Zanger Duquesa Fatima Mezzanotte Field ceramic tile from Young Brothers. Alliance Kitchen Tour Celebrates 30 Years of Giving Back

The Kitchen Tour in Oklahoma City debuted in 1991. Born of an idea presented at a national meeting, the tour has been a fall tradition for the past **30 years**, except for a single Covid cancellation. Its purpose has been to benefit nonprofits in Oklahoma County that provide health related services.

To date, more than **\$650,000** has been raised by the annual tour. Through grant applications, a broad range of **nonprofits that promote better health** for Oklahomans have received funding. The Alliance's Community Service Committee works to provide direct services and donations to area nonprofits through "done in a day" projects and receives a small part of the donations. In other words: All of the money raised goes to the community!

Numerous hospitals, doctors, homeowners and local businesses have been **underwriters and supporters** of the Kitchen Tour, while **150 homes** have opened their doors to the public over the years. The Kitchen Tour has featured beautiful homes and tours have allowed guests to see much more than just kitchens!

Attending the Kitchen Tour is an annual tradition for many families and friend groups. **Thousands of guests** have come to enjoy the Kitchen Tour from across the state.

Florists, chefs, table designers and community volunteers have joined Alliance members in giving of their **time and talents** to the tour. It is estimated that around **20,000 volunteer hours** are needed to host this one-day event. Multiply that by 30 years, and you find an organization with a heart for the health of the community!
